

10th Anniversary Celebration

September 24~25, 2005

*People are the greatest treasure of the church.
It is people who make a parish.
It is you who gathers that make this parish, no matter where you come from,
It is you who bring your faith to this parish that make this a faithful community;
It is you who share your life generously in this parish that actually make this community alive and vibrant,
It is you who love one another that make this a loving and caring community;
It is you who go to confession that this community continues to be purified, growing day by day in the image and likeness of God.
It is you who celebrate the faith and love in God that we come together to celebrate our anniversary.*

Congratulations to you all!

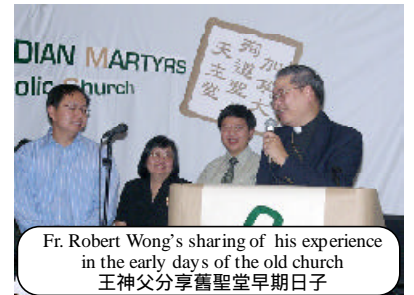

Fr. Chu.
