

A Gift

Luke S

All the glory goes to the Holy Trinity – the Father, the Son and the Holy Spirit, and the intercession by the Holy Mother.

A few months ago, my wife Amy woke up from her nap on a Sunday afternoon to prepare supper. She, suddenly, found that she needed my help to go to the open kitchen to prepare the simple dinner. Next day, I accompanied her to visit our family doctor. He just told her to buy the medicine to lessen her pain. Then, Amy took the medicine whenever she felt painful.

In the mid-August 2013, Amy found that the situation was getting worse. Once she slept on the bed, she could only struggle to stand up with great effort and felt painful. Once after she sat on the sofa for a longer time, she could hardly stretch her legs to stand up. So, she went to visit the family doctor again. The doctor arranged her to take X-ray on her right knee with the report that a tiny bone fracture was found on her knee due to aging. She was advised to go for therapy and exercises. However, the same problem was also found on her left knee. It seems nothing can be done to her, and Amy was very upset.

I, then, said to Amy, “Any sickness which cannot be cured, God in Heaven can heal it. Come and follow me to pray the Rosary every day. The Blessed Virgin Mary will take care of you.” At first, Amy hesitated. In her 42 years as Christian, she never ask about nor to pray the Rosary. Until one day, she said “Yes” to me. I taught her to pray the Rosary following the pamphlet. Once started, she was getting a peace of mind. In the meantime, her pain was lessened gradually. When she learned to pray properly, she didn’t feel painful at all. All it takes was just about a week.

To me, it is indeed a miracle. I tell her not to pray with a petition. We, people on earth, have to go through the process of birth, aging, sickness and death. By the intercession of the merciful Blessed Virgin Mary, the Almighty God will answer over prayer for the healing of sickness.

This miracle served as a gift to the lost sheep of my wife and I. We would continue to pray the Rosary every day. Come and pray the daily Rosary in the church or at home. Who know? Anyone would be the next to be blessed with a miracle!
